PERJURY SUBORNED.

Holmes' Senior Counsel Guilty of a Grave Offense.

THE EVIDENCE OVERWHELMING.

Sensational Story Comes From Chicago That Pietzel Is Still Alive—Said to Have Been Seen by Three Responsible Persons Who Give No Reasons For Their Former Silence—Minute Williams Also Lives.

PHILADELPHIA, Nov. 19.—The evil spirit that presides over the destinies of H. H. Holmes, king of murderers, and eventually destroys all who ally themselves with him, found another victim yesterday. The first swift turn this extraordinary case took was on the first day of the recent trial, when the arch-criminal dismissed his lawyers, and the "prisoner at the bar" became counsel for the defense. Yesterday the tables were turned, and senior counsel for the defense became a prisoner at the bar.

William A. Shoemaker, the young attorney whose first association with the case is obscured in the mystery which envelops its every detail, passed through an ordeal yesterday as severe as any his client has been called to face, and the crisis came when he was held under \$1,500 bail to answer a charge of subornation of perjury. This means that he manufactured evidence tending to prove that Benjamin F. Pietzel, for whose murder Holmes was convicted two weeks ago, committed suicide, and that he, Shoemaker, paid a woman \$20 to sign and swear to this. But the commonwealth had supplied the woman, although Shoemaker was ignorant of this, and after he had produced this important "after-discovered evidence," and read it, with great emphasis, out to the court, he asked that the argument on the motion for a new trial, which had been fixed for yesterday, be postponed to give him and his associate counsel, Samuel Rotan, time to run out this and other clues recently obtained. Then it was that District Attorney Graham

Arose and Exposed the Plot.

His declaration came like a thunderbolt. The court stared in wide-eyed amazement; the spectators turned in their chairs and gasped; the accused lawyer sank back in his seat, livid and trembling, while his innocent associate glared at him with unveiled horror. But the prisoner in the dock rested his cold blue eyes on the shrinking figure of his legal representative and smiled with scorn.

Briefly told, the details of the charge are these: The trial for the Pietzel murder was not two days old when Shoemaker approached a private detective named John Schwechler and asked him to procure a woman who lived around Twelfth or Thirteenth and Callowhill or Vine streets, who would swear to certain facts in connection with the finding of Pietzel's body at 1316 Callowhill street. Schwechler assented, but instead of straightway getting the woman, he told his story to Detective Geyer, who, for the commonwealth, brought to light the evidences of Holmes' murder of the children. Geyer submitted it to District Attorney Graham, and a most skillful trap was prepared, a trap which has brought about the ruin of the opposing attorney. Under instructions Geyer went to Mrs. Margaret Reah, matron in the Fourth District police station, and she, under the name of Blanche A. Hannigan, was taken to Shoemaker by Schwechler. Meanwhile Shoemaker had prepared an affidavit stating that the deponent had known Pietzel and that to her he had expressed his intention of committing suicide. Mrs. Hannigan readily signed and swore to this and Shoemaker gave her two \$10 bills for so doing. On each bill she marked the initials "B. A. H.," and yesterday she exhibited them in court.

Shoemaker walked into the trap blindfold. When he read the affidavit to the court, he declared that its contents were dictated to him by the woman. A moment afterward, irrefutable testimony was introduced, showing that he had himself made up the affidavit and dictated it to a stenographer before he had even asked Schwechler to procure a woman to sign it, and that he had not so much as read or explained its purport to Mrs. Hannigan.

Judge Arnold, who was upon the bench during the trial, has called Judges Thayer and Willson to hear and decide with him on the merits of the arguments for a new trial. As the strange revelations came, the three judges did not hesitate, by their bearing and words, to manifest their sense of the gravity of the accused lawyer's situation. Judge Arnold afterward privately stated that disbarment proceedings would be considered after the disposition of the pending charge against Shoemaker.

Shoemaker had nothing to say. He was

Stunned and Shocked beyond measure, but said this was not the time for him to talk. Rotan, his associate, expressed his confidence in his colleague's final exoneration, but he admitted that the evidence of his guilt was overwhelming. Rotan himself was unsmirched. The witnesses, the district attorney and the court were careful to make that clear, and the young barrister who has fought practically single-handed a battle against tremendous odds with some skill and much fortitude, was visibly affected.

A strange story is whispered about Shoemaker's initial appearance in this case. A little over a year ago, it is said, he first came to Philadelphia. Whence he came no one seemed to know, but a tale is told that he had been for some time in a little town in Indiana. Upon

his arrival here he is said to have spoken of the receipt of a letter from Boston signed "H." It stated that the writer desired to retain him as counsel in a case which would soon afterwards come up in Philadelphia, and enclosed a \$100 note as a retainer fee. A few days afterwards Holmes was arrested in Boston, and the story of his manifold crimes came out. Now, it is said that the little Indiana town in which Shoemaker lived was but a short distance from another town where Holmes had lived and fostered his multifarious schemes.

It is even said that in Shoemaker's office has been found a map of the county in which these two towns lie, and that a line is drawn in red ink between the places, but so drawn as to avoid railroads and settlements, cutting through the bare country. This curious story is not given out officially, but with those who know of it there is an unanimity as to its details. The Holmes case was the first Shoemaker tried in Philadelphia. It is probably also the last.

DOES PIETZEL LIVE?

Remarkable Story, Well Authenticated, Comes From Chicago.

CHICAGO, Nov. 19.—The Daily News last evening published the following story:

James McNeary, conductor on car 776 of the Sixty-third street electric line, has sprung a new sensation in the Holmes case by stating that Benjamin F. Pietzel is alive, and that he recently talked with him on his car.

Mr. McNeary claims there could be no mistake, as he worked nine months for Pietzel and knows the peculiarities of his voice.

According to McNeary Pietzel boarded his car a few days previous to Holmes' trial. Pietzel's beard had grown around the greater part of his face, so that he was completely disguised. When addressed, however, he admitted his identity, and asked as a friend that McNeary keep silent, as he was on his way to Philadelphia, but McNeary called in Motorman Letterman and he, too, claims that he had a conversation with Pietzel, who took a transfer to the Cottage Grove cable line.

Mr. Robert Corbett, who has been following the case for months, in behalf of the Farmers and Mechanics' National bank, Fort Worth, Tex., claims that he also has seen Pietzel.

"I never believed that Pietzel was dead," he declared to a Daily News reporter, "for the following reasons: First, when I was searching the castle months ago, the man who resembles the man seen by the conductor and motorman, and who I then thought was Pietzel, found me in the building looking over some papers. He asked me if I had seen a tool chest. I told him there was one in the front room. He said that one was not his; that he had left it in the room where I was engaged. I asked him who he was. He said Mrs. Pietzel sent him there for the tool chest, and when I asked him his name he said, after thinking a moment, 'Andrews,' and left."

"Saturday I learned that Mrs. Pietzel was stopping at 6233 May street with Mr. Hayward, and sent over to ask her if she ever sent for the tool chest. Both she and her daughter Della declared they had not, and I also discovered that Mrs. Pietzel is wavering in her belief in the identification of Pietzel, and begins to hope that the children are living, but for her husband she does not care whether he is living or dead. I believe that if Holmes is not granted a new trial Pietzel will declare himself to the governor of Pennsylvania when all other means are exhausted, and Isaac R. Hitt, Jr., and myself both have his address in Philadelphia. Minute Williams is stopping at the same place under the name of Mrs. E. M. Gardener, while Pietzel is known as G. D. Hall."

"IRISH TRAITORS."

What the Alliance Men Think of Dillon's Crow.

NEW YORK, Nov. 19.—At a meeting of the committee of arrangements for the demonstration to be made by the Irish National Alliance in this city next Sunday, there were denunciations of John Dillon's call for a convention of all Irishmen in Dublin.

J. B. Sutton, the secretary of the alliance, said: "This movement of the parliamentary schemes has been made to counteract our determination to use all means in our power for the complete freedom of Ireland. Their last move in the game really failed when the Gladstonians went out of power and they are now trying to get a crowd of West British Wings to assist them in putting a few dollars into the empty treasury. I move that the committee on resolutions be requested to deal with this last attempt by the Loyal English Legion in Ireland."

John F. Kearney, editor of The Irish Nationalist, said that the parliamentary convention announced was the last resort of a pack of Irish traitors and rascals who desire to rivet forever England's hold on Ireland.

The matter was referred to the committee on resolutions.

Family Wiped Out.

MELBOURNE, Nov. 19.—Manager Short of the Commercial bank at Sale, Victoria, shot his wife and two children, and then killed himself with his revolver. The two children are dead, and the condition of his wife is critical. It is believed that his mind became unbalanced as a result of the recent tragedy reported from Sydney, where Arthur Daire, the actor, killed his wife, Amy Roselle, the well known actress, and then himself.

RICHMOND, Ky., Nov. 19.—Foxhound, \$2,000 race gelding, owned by Burl Milon here, burned; large amount of tobacco also lost.

ALTGELD MISREPRESENTED.

He Denies That He Objected to the Presence of Federal Troops—Out of Politics.

CHICAGO, Nov. 19.—Chicago's delegation to the cotton states exposition at Atlanta returned home yesterday full of praise for the southland and the southern people. The high state and city officers, the distinguished citizens and the military contingent united in saying that the welcome given the Illinois representatives reached the limits of the possibilities of hospitality.

In an interview Governor Altgeld denied emphatically that he had objected to the presence of federal troops in the parade on Illinois day.

"All I did about the military," said he, "was this: When I reached Atlanta Sunday I learned that the plan was that the First regiment should not march at all, but remain in the exposition grounds. I told the managers that I could not consent to this; that our boys did not travel 1,000 miles to be hidden behind a fence. I insisted on the regiment having a place in the parade on Illinois day, and this was agreed to, and the boys marched."

A local paper quotes Governor Altgeld as follows: "You can say in your paper that Altgeld is out of politics. I am eagerly looking forward to the close of the next 14 months, when I will turn over to the people the finest state government on earth and quit politics forever. I want to get back to my law practice and make some money."

NANSEN NOT SIGHTED.

No Captain of the Dundee Fleet Has Seen the Fram.

ST. JOHN'S, N. F., Nov. 19.—The steam whaler Aurora arrived here yesterday. It was felt that if there was any truth in the report of Professor Nansen's vessel, the Fram, having been seen off the west coast of Greenland, she would know something concerning it. However, Captain Jackman says he saw nothing of the vessel nor had any of the Dundee fleet, with all of which he had communicated.

The whaling captains are all keen upon Arctic explorations, and anything in the shape of a strange craft in these waters would be sure to be known among the six ships. They cruised over nearly all the waters of Davis strait, Baffin's bay, Jones and Lancaster sounds, and Captain Jackman does not believe it possible for the Fram to have been in the region without his knowledge.

He is furthermore disinclined to believe the possibility of Nansen reaching south at all this year, even if alive, owing to the severity of the season and the immense ice floes which blocked the way.

TRAIN HELD UP.

Bandits Cut Off the Wrong Car and Depart Empty Handed.

MINNEAPOLIS, Nov. 19.—About 10 o'clock last night an express train on the Great Northern railroad was held up near St. Cloud. The robbers were evidently after the express car, and supposing it to be the second from the engine, cut it off from connection with the mail car, and the engineer then threw open the throttle and pulled safely into St. Cloud with the treasure. It is not known at this hour whether the passengers were molested. A special train with all the city detectives on hand left there at midnight for the scene.

In substance, the story of the engine crew was that when three or four miles out from Clear Lake, the fireman looked squarely into the muzzles of two Winchester rifles, backed by two ugly pair of eyes. The fireman was badly frightened, but obeyed the injunction of the robbers, who, discovering their mistake in not having the expresscar, departed without further molestation.

WHILE HUNTING FISH

Dynamite Explodes Obliterating Vessel and Occupants.

PORT TOWNSEND, Wash., Nov. 19.—News from Valparaiso, Chili, was received here yesterday giving details of the death of Captain Stegar and four seamen of the American bark Edward Kidder, which came from New York to load nitrate. The captain and his men went down the coast a short distance below Valparaiso intending to kill fish for the ship's use, by explosives. People on shore say the party spent several hours exploding dynamite near the rocks. Then a terrible explosion was heard, throwing a column of water 50 feet in the air, and when the smoke cleared away not a vestige of the boat or its occupants was to be seen. Subsequently diligent search was made along the beach and the only articles found were a lot of splintered wreckage of the ship's boat and one or two hats.

Plain Case of "Touch."

CHICAGO, Nov. 19.—Viscount Richard William Curzon of the well known English family of that name, complained to the police last night that he had been robbed of \$185 and asked for warrants for the arrest of the thieves. The viscount, who is traveling under the name of Bloomfield, was robbed in an establishment at 327 State street, kept by a woman named Annie Bell. Warrants were issued for the inmates of the place and an effort will be made to get the viscount's money for him.

Fox Hunters at Owingsville.

OWINGSVILLE, Ky., Nov. 19.—The meet of the National Fox Hunters' association commenced here yesterday. It is expected to bring more strangers here for a longer stay than has occurred since the soldiers occupied the town during the civil war.

Two Expeditions Reach the Island Safely. Welcomed by Insurgents.

NEW YORK, Nov. 19.—President Palma of the Cuban revolutionist party in this country has received word of the safe arrival in Cuba of two expeditions sent out by the party. One of the parties is headed by General Francisco Carrillo and Tomazo Collazo, and the other under the leadership of Colonel Jose Maria Aguirre.

General Carrillo and his party started from Cape Haytien in a schooner 100 strong, with 10,000 cartridges. After great hardship, the party arrived on the northern coast of Cuba, where General Carrillo found awaiting him a party of 4,000 Cubans.

The other party under Colonel Aguirre landed on the south coast of Cuba at about the same time. There were 129 men in Aguirre's company. The contingent was made up from all parts of the country, from Jamaica, New York, Key West, Tampa and Philadelphia. The party started from Canada and among the members of it was Captain L. Robert Stuart Weatherley of the British army, a grandson of Lord Cockburn. Captain Weatherley fought in the African war. Of the other members of the party there were Captain Antonio Gomez, Bartolome and Carlos Maso, son and nephew of Vice President Maso; Pomeyo Vodao, Edgar Diaz, Charles M. Aguirre and others. The party had with them two cannon, 500 Winchester rifles and 464,000 rounds of ammunition.

HAWAII WAITING FOR '97.

Then Admission to the United States Will Be Urged.

PORT TOWNSEND, Wash., Nov. 19.—According to advices received from Honolulu by the bark C. D. Bryant, sentiment is being cultivated to grant Princess Kaiulani, heir apparent to the throne, a pension of \$6,000 a year. Many of the legislators have expressed themselves favorable to the proposition.

The bitter contest which was waged against the confirmation of Mr. Castle, late minister to the United States, who was barely confirmed by a majority, culminated in a promise by the permanent appointment of Judge Hatch, a member of Dole's cabinet. A few days previous to the minister's departure for Washington the cabinet convened in lengthy session and discussed the possibilities of Hawaii becoming a part of the United States. One cabinet officer states that Hatch was instructed to proceed on lines tending to closely cement the two countries until the American administration changed and then to insist on the speedy admission of Hawaii as a territory.

Last Victim Recovered.

CLEVELAND, Nov. 19.—The body of the 17th, and probably the last victim of the motor accident, was recovered from the river yesterday afternoon. It was that of Matthew Callinan, and it was buried in the mud directly where the tracks of the motor had been. Callinan had been included among the missing from the first, and it was certain that he was dead. The search for bodies has now been abandoned.

Twenty Emigrants Drown.

GIBRALTAR, Nov. 19.—Over 20 passengers from the Italian steamship Solferino, were drowned by the swamping of one of the small boats. Twelve hundred emigrants from Genoa, Italy, bound for South America, were on board the steamship at the time. All were landed safely save the score or more in the single small boat. The Solferino went ashore near Centa. She was commanded by Captain Castello.

Negroes Butchered.

OCALA, Fla., Nov. 19.—Three negroes were killed and several wounded Saturday night at Moss Bluff, a tie camp on the Ocala river, 30 miles from here. Whites have had a monopoly of the tie-cutting business. The contractors imported about 100 negroes. This angered the white laborers and a miniature race war resulted.

Fireman Fatally Injured.

SAN FRANCISCO, Nov. 19.—Fire, which broke out in the livery stable of J. R. Koon on Fourteenth street yesterday burned a dozen houses. Twenty-five horses perished in the stable and Mike Sheehan, a fireman, was fatally injured by falling timbers. Total loss, \$50,000.

A Hefty Meteor.

MORGAN, Tex., Nov. 19.—A meteor passed over this city last night, its course being southeast. It lighted up the heavens like lightning. A report was heard in about four minutes like thunder and a shock was distinctly felt which caused windows to rattle.

Judge Jackson Memorial.

WASHINGTON, Nov. 19.—Secretary of State Olney presided at a meeting of the bar of the United States supreme court yesterday, at which appropriate action was taken respecting the death of the late Associate Justice Howell E. Jackson of Tennessee.

Mark Twain's Tramp.

NEW YORK, Nov. 19.—Joseph Verey, who is well known in all lands by virtue of his career as a courier, but especially because Mark Twain put him into his book, "A Tramp Abroad," has come to America to marry a rich widow, who has a home in Cincinnati.

Where He Is Needed Most.

CHICAGO, Nov. 19.—Francis Schlatter, the "New Mexico Messiah," who disappeared from Denver last week, has written to a party in this city that he will be in Chicago Nov. 30.

DISASTROUS FLOODS

Inundate Islands in the River Neva.

LOSS OF LIFE AND PROPERTY.

Guns Fired From Fortresses to Alarm the People in the Endangered Districts. Boats Used in the Streets of Villages on the Outskirts of St. Petersburg—Extent of the Damage Not Known.

BERLIN, Nov. 19.—Advices just received here from St. Petersburg give details of the severe storm which swept over that part of Russia on Wednesday last, Nov. 13. Owing to the violence of the gale the river Neva rose 8 1-2 inches and the islands in it were flooded. In addition, the wooden buildings along the banks of the Neva, piers, etc., were washed away, and the low lying quarters of the city were inundated.

So threatening did matters become that guns were fired from the fortress to alarm the inhabitants of the endangered parts of the town, and they were able to seek refuge in the upper stories of their habitations. Boats were used in some of the streets to carry people to places of safety and strong detachments of troops and police were sent to the assistance of those who were in danger.

The peasants inhabiting many of the villages on the outskirts of St. Petersburg lost everything through the floods, their homes, cattle and all belongings being swept away. The amount of damage done is said to be very great, indeed, and many lives were lost. The exact extent of the disaster, however, was not ascertained when these advices left St. Petersburg, although the bodies of several drowned people had been recovered.

COUNTERFEITING STATISTICS.

Imminence of the Crime Shown in Chief Hazen's Annual Report.

WASHINGTON, Nov. 19.—Chief Hazen, chief of the secret service, treasury department, in his annual report shows that during the year 803 arrests were made, with few exceptions for violations of the statutes against counterfeiting. One hundred and eighty-one persons were convicted, 119 others pleaded guilty, 74 were indicted and are awaiting trials; 51 awaiting examination; 16 were nolle prosequed, 53 were discharged by United States commissioners, and 84 were acquitted. Altered and counterfeit notes, counterfeit coins, &c. (representative value), were captured during the year of an aggregate face value of almost \$5,000,000.

There were also captured 935 copper, steel and glass plates for United States notes, state warrants, postage stamps, world's fair diplomas, etc., also 47 dies for counterfeit coins and 217 molds for coins, besides a large quantity of crucibles, photographic outfits, machinery, etc.

The number of arrests made of persons engaged in manufacturing, and handling counterfeit coins shows a great increase in this branch of counterfeiting.

"BABY BUNTING" DYING.

It Was She Who Won the Suit Against Millionaire Arbuckle.

IRONTON, O., Nov. 19.—Miss Clara Campbell of this city who some few years ago secured a \$40,000 judgment against Arbuckle, the millionaire coffee dealer, in a breach of promise suit, is dying at Dr. C. G. Gray's sanitarium, three miles below this city. Friday last, Miss Campbell was subjected to a delicate operation for tumor, Dr. Gray and Dr. Taylor of Cincinnati being the attending physicians, and it is from the shock attending this operation that she is sinking.

The Campbell-Arbuckle suit in which Miss Campbell was plaintiff was one which created a national furor, and the appellations of "Bunny" and "Baby Bunting," by which the principals were known, were for months household words throughout the central and eastern states. Although extremely eccentric, Miss Campbell is of a philanthropic disposition, and many of Ironton's destitute families will hold her memory in reverence.

Vast Oil Tank Explodes.

WHITING, Ind., Nov. 19.—A tank containing 500,000 gallons of naphtha, owned by the Standard Oil company, exploded shortly after 11 o'clock last night. A furious fire is now burning around the wrecked tank, and it is impossible for anybody to get near it. It is not thought that any lives have been lost. The fire is spreading and there is great danger that more of the oil tanks may catch fire.

Coit Trial Again Postponed.

COLUMBUS, O., Nov. 19.—Judge Walters, who is presiding in the Coit case at Circleville, yesterday ordered a new jury impaneled on the testimony of physicians that one of the jurors who has been sick would be unable to serve again. The case has cost Fayette county \$12,000 already, and only one-tenth of the witnesses have been examined. The trial will be started anew.

COLUMBUS, O., Nov. 19.—The official abstracts have all been sent to Chief Supervisor of Elections Taylor. They show that Bushnell received 427,141 votes, Campbell 334,519, Coxey 52,875, Ellis 21,204 and Watkins 1,807. Bushnell's plurality is 92,622 and his majority 16,716. General Jones' plurality exceeds Bushnell's, being 94,350, and Mr. Allen, clerk of the supreme court, gets the largest plurality of all.

GOVERNOR-ELECT BRADLEY says he is a candidate for "no office on earth." Still, a great many people believe he is quietly pulling the wires for Vice President.

CLAY, the Irontonian defaulter who got away with \$28,000 of the people's money, got five years in the penitentiary and a fine which will likely never be paid. At the same time of court a negro who had committed a trifling offense was sent up for five years. The Irontonian says Clay's trial was a farce, and it looks that way.

KENTUCKY Republican papers are already suggesting the creation of new offices by the incoming administration. There are not enough places to go around. The Louisville Commercial thinks the State needs a Solicitor General, with two or three clerks, but says we could probably get along without them at the end of four years.

The fact that the National hymn, "America," has been adopted as a part of the hymnal of the Protestant Episcopal Church, suggests that it would be a good idea to inject more Americanism into all the American churches.—Public Ledger.

And make of them political institutions instead of religious. A man who rarely ever enters a church is hardly qualified to offer suggestions along this line.

HON. A. J. CARROLL, elected to the Legislature from a Louisville district, has resigned because his opponent withdrew from the race and failed to notify his party committee of the fact. Wonder if there is a Republican in Kentucky who would have done as Mr. Carroll has done under similar circumstances? We doubt it. They are out for the offices as a rule, and it matters little how they get 'em.

FOR VICE PRESIDENT.

Governor-Elect Bradley Laying Wires for the Place—Conference With Manley.

ATLANTA, GA., Nov. 17.—If the newly elected Governor of Kentucky is not the Republican candidate for Vice President it won't be his fault. It leaks out that while his visit here might have been primarily purely a personal one, he turned his time to excellent account.

Whether it was by appointment nobody knows, but it is certainly a notable coincidence that the same day he reached here, Joe Manley, the astute Maine leader and right-hand man of Tom Reed, put in his appearance very quietly and sought an early conference with Bradley.

The Governor of Pennsylvania, who is posing as a dark horse, also was closeted with the Governor of Kentucky, and several of the leading Republicans of the South happened here at the same time. Bradley is very much a candidate and the Southern Republicans are going to pull strongly for him.

His friends say he has assurances of friendliness from all the candidates, but for geographical reasons they look upon Reed and Bradley as the strongest combination.

Republicans Combined With the Mormons to Get Control of Utah.

[Exchange.]

Of the character of this scandalous transaction the main features are well known. Early last spring reports from Utah contained significant hints of a bargain between the Mormon Church and the Republicans covering completely the political control of the new State. These intimations were fully confirmed when, early in October, the Synod of Mormon priests in Salt Lake City ordered two lay brethren who had been nominated on the Democratic State ticket to withdraw and forbade all Mormons to accept political offices without approval of the church. Thus was revealed the alliance between the Mormon Church and the Republicans, who had refused to admit Utah into the union because they alleged that the new State would remain under ecclesiastical sway; and the Mormon priests were induced to exert all their spiritual influence in behalf of the coalition to divide the first political spoils of the new member of the American union.

So high handed and scandalous an ecclesiastical interference in political affairs has never before been witnessed in this country. Having once entered into this shameful coalition, the Mormon priests not only prohibited the members of their sect from voting the Democratic ticket but ordered them to vote for the Republicans. As a result of this theological intervention an independent element has sprung up among the Mormons to vindicate the right of every citizen of Utah to exercise his own judgment in political affairs. But the Mormon Church supported by the Republicans, will have little cause to fear an independent opposition to its continued control of Utah in all things spiritual and temporal. The party of "great moral ideas," that once declared "slavery and polygamy were twin relics of barbarism," never gave a more characteristic proof of its inconsistency and willingness to make any deal for party success than in this alliance with the church of the Latter Day Saints in Utah. In Saint Cannon the Mormon church and the Republican party will have a shining light in the Senate of the United States.

GOOD FOR EVERYBODY.

and everyone needs it at all times of the year. Malaria is always about, and the only preventive and relief is to keep the Liver active. You must help the Liver a bit, and the best helper is the Old Friend, SIMMONS' LIVER REGULATOR, the RED Z.

Mr. C. Himrod, of Lancaster, Ohio, says: "SIMMONS' LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS' LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish Liver.

EDITOR C. C. MOORE, of the Blue Grass Blade, raised a chicken on his farm near Russell Cave which, in the construction of its organism, is undoubtedly a revelation to science, says the Lexington Transcript. The chicken was killed by the editor on Saturday to be eaten for dinner. In dissecting the fowl it was found that it had two perfectly developed hearts in the one cavity, the two being grafted together at the top by a strip of cartilage.

Rev. W. J. E. Cox, formerly pastor of the First Baptist Church of this city, has received a unanimous call from the Seventh Baptist Church of Baltimore, to succeed the Rev. H. A. Tupper, Jr., resigned. This is one of the largest and most influential congregations in the Monumental City. For the past four years Mr. Cox has been pastor of the Staunton (Va.) Baptist Church, and his members do not want to part with him. He has the call under consideration.

Two most critical times in a woman's life are the times which make the girl a woman, and the woman a mother. At these times, Dr. Pierce's Favorite Prescription is of incalculable value. It strengthens and invigorates the organs distinctly feminine, promotes regularity of the functions, allays irritation and inflammation, checks unnatural, exhausting drains, and puts the whole delicate organism into perfect condition. Almost all the ills of woman-kind are traceable to some form of what is known as "female complaints." There are not three cases in a hundred of woman's peculiar diseases that Dr. Pierce's Favorite Prescription will not cure.

A FREIGHT WRECK.

Oil Tanks and Tobacco Went Over the Bank at Short Street Early This Morning.

A C. and O. freight train was partially wrecked just west of Short street about 3:30 o'clock this morning.

It was No. 25, westbound, and it is not known just what caused the trouble.

The supposition is that a broken brake caught in a frog and threw the cars off the track. Three flats loaded with empty oil tanks were derailed and went over the bank. The cars are broken to pieces and the tanks landed on the river shore. A box car loaded with tobacco was also derailed, and was left hanging over the bank in a badly wrecked condition.

The accident caused but little interference to traffic. The wrecking crew is at work clearing away the damaged cars.

With one new boat, the Virginia, and two, the Courier and Nesbitt, purchased, four more are needed by the different lines to take the place of those sunk, burned and lost during the season, says the Enquirer.

The importance of river navigation may be estimated in part when it is considered that a coalboat stage at Pittsburgh, Charleston and Kanawha would put 10,000 men to work on steamboats, barges and business connected therewith, who must remain idle till the long-delayed swell arrives.

THE BOILER EXPLODED

Killing Two Men and Injuring Several Others—A Sawmill the Scene.

A special from Vanceburg says: "At the big lumber mill of George W. Stamper, located on the Grassy Fork of Laurel, occurred late Saturday afternoon a terrible boiler explosion, by which two men lost their lives instantly, while others may possibly die.

"The rush was about over for the day, and all the men were gathered in the engine room when the explosion took place. The boiler broke into fragments, which flew through the air with the force of cannon balls, and one piece cut off the head of Washington Pierce, the engineer, and he was thrown about twenty yards against an embankment.

"Cecil Kidwell was thrown over one hundred yards and crushed out of all semblance of his former self.

"John Ellison had his left leg crushed and was badly, probably fatally, scalded. Other persons were badly scalded.

"The mill was the largest in the county, but the machinery was old and the boiler had been in use about twenty-two years and was getting rotten. Cecil Kidwell was a young man of much prominence, the nephew of George W. Stamper, the wholesale merchant, of Vanceburg. Engineer Washington Pierce leaves a large family."

WILL BREAK ROCK

For 270 Days, That's What Mark Will Have to Do.

Mark Middleton, colored, was tried before Squire McIlvain, of Lewisburg, Monday afternoon, and as a result he will spend most of the next twelve months breaking rock for the county.

His arrest was mentioned yesterday. There were three charges against him, carrying concealed a deadly weapon, unlawfully flourishing a deadly weapon and breaking up a lawful assemblage. He was adjudged guilty in each case, and was sentenced altogether to 270 days imprisonment in the county jail at hard labor.

Middleton entered the colored school at Lewisburg some time ago, with a big pistol in each hand, and when he got through shooting he was in full possession of the premises.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know

that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be **absolutely harmless**?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The many friends of our former popular citizen, L. H. Munnen, Esq., will be glad to know that he is one of the lucky ones who have "struck diggins" at Galena, Kansas. His three elder boys are working at the mines. Isaac has a position in one of the banks, and Cushman is attending school. Dr. H. B. Savage is still on the winning side at Galena. They, with their partner, have just placed under contract a \$5,000 crusher which when finished will materially increase their already large income. SPOKANE, Wash., Nov. 19.—The Nez Perces Indian reservation, Idaho, was opened at noon yesterday. There was no firing of guns or any other signals given. No excitement of a serious character has been reported. Probably not over 3,000 locations will be made this fall. There was no lining up for a grand rush, but the people, at noon, were all over the reservation, each on his chosen quarter section. At noon work was commenced by establishing corners and laying foundations. A large number of people were at the land office in the morning but they were informed that they must locate before they could file claims. Filing did not really begin before this morning.

THE BANK TAX SUIT.

Believed That the Change in the Court of Appeals Will Change the Decision if the Case is Reopened.

[Lexington Transcript.]

The city authorities of Louisville do not appear to be satisfied with the judgment of the Court of Appeals declaring that the banks are not taxable for local purposes, their payment of 75 cents upon each share of stock being in lieu of all other taxes—State, county and municipal. This decision held that the banks which had availed themselves of the terms of the Hewitt law, the operation of which ceased with the meeting of the Legislature in 1887-88, had entered into a contract with the State which could not be abrogated by any constitutional or statutory provision.

The city of Frankfort has filed suit for the reopening of the question in the Franklin Circuit Court, and it is understood that the city of Louisville will join with Frankfort in the proceeding. The form of the suit in Franklin is to restrain the Auditor, Treasurer and Secretary of State from receiving the taxes payable by the banks to the State Treasurer under the provision of the Hewitt law.

Mr. Lafe Joseph, Assistant City Attorney of Louisville, does not believe that the question of back taxes would be involved. That matter was settled by the last judgment of the court.

It is hinted that Judge-elect George Du Ruelle has different views from Judge Easton on the subject of taxing the banks for city purposes, and that when the case comes up before a full bench the former decision in this important matter will be set aside. When the court delivered its former decision, Judges Guffy, Lewis and Paynter dissented, and now with Judge Du Ruelle in place of Judge Easton would have a majority of the court in favor of local taxation of banks, provided, of course, Judge Du Ruelle takes a different view from that of Judge Easton.
